

# 2015 Medicare Updates for Skilled Nursing Facilities

## Seminar Purpose

The Federal government is always giving us new regulations, requirements and other changes to implement in our Skilled Nursing Facilities (SNFs). In the past year, we've seen changes in reimbursement and recovery auditor activities, as well as many proposed changes in legislation.

This seminar is designated for owners, administrators, and the business office staff to help them sort through the changes and pinpoint potential areas of revenue, in order to optimize opportunities and minimize losses for the facility. We'll look at Medicare regulatory and compliance topics, as well as new changes to forms and/or procedures.

Upon completion of this seminar, participants will be able to:

1. Understand the recent changes in reimbursement for SNFs.
2. List the "Hot Topics" and new regulations in the ever-changing landscape of Medicare.
3. Recognize what management and the administrator need to be aware of to ensure the proper capture of revenue and improve cash flow.

## Speakers

**Betsy Anderson, BS**, President of Frost, Ruttenberg and Rothblatt (Frost). Ms. Anderson is a graduate of Northern Illinois University, where she received her Bachelor of Science in Accountancy. She also spent three years in the nursing program at Aurora University. As Director of Healthcare Services for Frost's Healthcare Management Group, A frequent speaker on health care topics, Ms. Anderson has presented for numerous organizations. In addition to publishing many articles in state health care newsletters, she is also co-author of *A Health Care Provider's Guide to HIPAA*. The National Trade Press often calls on Ms. Anderson to serve as a trusted source regarding regulatory changes and their operational impact.
